Concerning EPA Disclosure Information

If you submit information to EPA and claim any of it as confidential, EPA will publically disclose that information only as allowed by the procedures set forth in 40 CFR Part 2. If no such claim accompanies the information when it is received, EPA may make that information public without further notice to you.

Confidentiality Statements

Chemical substance identity and other information reported to EPA on the above form may be claimed as confidential by checking the appropriate CBI boxes. The person signing the certification statement attests to the truth of the following four statements concerning all information claimed as confidential:

1. My company has taken measures to protect the confidentiality of the information, and intends to continue to take such measures.
2. The information is not, and has not been reasonably obtainable without our consent by other persons (other than discovery based on a showing of special need in a judicial or quasi-judicial proceeding).
3. The information is not publically available elsewhere.
4. Disclosure of the information would cause substantial harm to our competitive position.

The person signing also attests to the truth of the appropriate statement(s) below concerning the information specifically claimed as confidential for the [particular chemical substance]. By checking the CBI box under:

Company Name: I assert that the linkage between my company identity (including the names of any persons appearing on the form) and the information submitted on the form is confidential.

Chemical Identity: I assert that the identities if the chemical substances so claimed are confidential.

Activity: I assert that the nature if my activity (manufacture vs. import) is confidential.

Site Limited: I assert that whether or not the chemical substance is distributed for a commercial purpose outside of the plant site identified on this form is confidential.

Plant Site: I assert that the link of the chemical substance to the plant site identified on this form is confidential.

Production Volume: I assert that the production volume of the chemical substance at the plant site identified on the form is confidential.

When claiming the identify of a chemical substance as confidential, you must provide written substantiation for such claims (see reporting instructions). Failure to do so may EPA making that information public without further notice to you.

Paperwork Reduction Act Notice

The annual public burden for this collection of information is estimated to average 11.5 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose information to or for a Federal agency. For this collection it includes the time needed to review instructions, search existing data sources, gather and maintain the data needed and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a current valid OMB number. The OMB control number of this collection is OMB No. 2070.

Comments on this collection of information may be provided to the Director, OPPE Regulatory Information Division, U.S. Environmental Protection Agency (Mail Code 2137), 401 M Street, SW, Washington, DC 20460. Include the OMB control number in any correspondence, but do not submit the form or report to this address. The actual information or form should be submitted in accordance with the instructions accompanying the form.
